

Compliance Workshop in CEI

The Egyptian competition Authority in cooperation with Chamber of Engineering Industries will organize Competition Compliance Workshop within the frame of Competition Compliance Program initiated by the Authority last year.

The Workshop will be held on Wednesday, May 11th, 2011 at the premises of the Chamber located in 1195, Cornish El-Nile St., Cairo.

These workshops will be delivered by ECA technical team. They will help Chamber's members to better understand competition law and violations stipulated therein in order to ensure their compliance in day to day work and activities in addition to avoiding any anticompetitive practices or decisions. The workshops will be interactive and will include hypothetical applications.

It worth to refer that ECA, beside its regulatory role, exerts sincere efforts to raise the awareness of businesses about provisions of competition law and benefits of competition.

ECA specified an email to receive inquires about the Program or Competition Law. This email is as follows (compliance@eca.org.eg)
